January Monthly Session

A very Happy New Year to each one of our Wonderful IASAP Ladies!! A New Year is a time for new opportunities, new ideas, new resolutions, new changes and the list is unending. Our Committee is fervently doing all we can to bring you the best speakers for every monthly meeting and we do hope that this year too we will live up to your expectations like always!! Before we proceed we would like to mention that this year's educational tour will happen in the month of February, as we found this month's topic apt to begin the year with.

Many of us consider Luck is to be a force of nature, coming and going as inevitably as the tide. Does opportunity or Luck elude you? Some individuals seem to have an inexplicable abundance of good fortune. They are successful in matters of love, in their careers, in their finances, and in leading happy and meaningful lives. Yet these people don't seem to work particularly hard, nor do they possess extraordinary intelligence or other gifts. Why is it so, whereas some however hard they work, they are just unlucky

This month we have invited Mr Manu Gour. Manu will focus on getting the big picture right to create a vision for the participants and motivate you to chase your success with a modification to your skill sets. So be there ladies to get wiser and get enlightened on how to attract opportunities, luck and of course a changing mindset.
