

## IASAP Monthly Session on Neuro-linguistic program (NLP) : Saturday, February 25, 2017, at Vivanta by Taj.....see you!

Dear Members,

One can be successful professionally & personally by learning to communicate correctly, effectively and powerfully!

This month we bring forth an interesting tool on behavioural science through **NEURO-LINGUISTIC PROGRAM (NLP)** - a study of the 'pattern of thoughts and words' which influences the way one responds to the situations or occasions.

Ms. **Sujata Deshpande** - Head of Training & Development at Thermax Ltd, and a certified NLP Master Practitioner will demonstrate how NLP is an incredibly powerful tool that enables individuals to unblock the structures of human communication and human excellence. By doing so people can think, communicate and manage themselves and others, most effectively. This session will:

- Enable you to understand the world from a different perspective & multiple point of view.
- Expand your ability to understand & work effectively with yourself & others around you.
- Acquire the qualities of self-help, therapeutic counselling & exceptional inter-personal communication.
- Establish well formed outcomes essential for assuring successful & powerful positive results.
