Communicating beyond our differences....

(Circle, Triangle, Square, Rectangle or Squiggle)

Dear Members,

The most important ingredient in the formula for success and happiness is knowing how to get along with people beyond our differences. Our lives and work is shaped profoundly by our personality. Psycho-Geometrics is an interesting system to analyze communication styles of co-workers, bosses and family members. It's the science of understanding people and the art of communicating with them.

Our speaker for this month is Ms VandanaaNeginhal. She has 27 years of rich work experience largely at senior management level. She is a Co-founder and Chief Facilitator of MIND Spa (India) since 2007. Her session is **an introduction to the Psycho-Geometrics shapes and methodology.**

Do join in large numbers **to learn the secret of getting along....**
