Thanks to the MC for the wonderful time we had at VV. Seldom do we realize how much effort and coordination are required what appears to be a 'day well spent'.

Other than the fun part of it, the games were very interesting and mind stirring. Also, each time we congregate we connect up with a different set of members whom we may not have spoken with.

Do look fwd to any event u organise as I'm sure it will be bull's eye.

If there is anyway I could be of any use, just revert.

thanks one again.... **Jayanti**

Respected Managing Committee Members,

It was indeed a 'good learning' and experiential too. Especially when we as a novice come out from our comfort zone to join the corporate - 'the unknown zone' it threw light on what difficulties and awkwardness one may feel. Even as an experienced hand and known masters in this field can / may face some challenges. This workshop taught us how to handle a situation with calmness and apply our mind without panicking.

A very good endeavor where learning with fun added with a good ambience - certainly a 100% success.

Thanks

M. Committee,

Tks fr arranging such Exp. Learning Workshop in the Greenery which is someway increased our communication skill and good rapport with others. We all enjoyed it but last session was not much interesting.

Looking forward to your next event.

To The Managing Committee

Thank you for organizing such a wonderful & interesting workshop. Truly this was an experience for me even though I work in this line but to be a participant was something different.

Looking forward to more interactive experiences and do keep up the good work.

The venue, facilitator and co-participants made a big difference.

Warm regards - **Patsy**

The workshop was unique, different and fun. Something I have never experienced before. There was a feeling of togetherness and sort of a self realisation of one's capability. Neil Law was good and conducted the workshop very well and he truly gelled with the ladies.

The Managing Committee  
IASAP WB Chapter

Hi !

I am very grateful to my friend Daisy Samuel, for introducing me to IASAP and to all you lovely ladies.

Daisy has been a long time very close and understanding friend and she has very successfully, literally pulled me out of my shell to venture out, (for the first time actually).

I completely enjoyed myself at the event. Did not feel out of place for a moment. Every one of you were so friendly and warmly welcomed me. However, sadly Time seemed to just fly past and the beautiful day of fun and learning came to an end but hopefully its a whole new beginning for ME ! to step out, have fun and learn & experience Life.

Presently I am trying very hard to come out of my comfort zone and test the waters.

Will be in touch.

Thanks once again, to each and every one of you. Hope to see you all soon.

With warm regards
